WHY BUY HANDMADE??

Why should you buy a handmade gift?

It isn't just the feeling of satisfaction that you have supported a local artisan, but when you buy a handmade gift, you are purchasing a unique present that has more meaning than picking up a chain store gift card. The value of a handmade gift is immeasurable.

When you receive a handmade gift, you are lucky indeed because you now are the owner of a one of a kind item that has been made by the hands of a passionate artisan rather than by the assembly line of robots. From the gift being a figment of an artisan's imagination to the sole product that you now possess, the handmade gift is now a treasure that you can gloat about!

Bridal showers and baby showers are always a time of "ooohhs" and "aaahhs". Purchasing a handmade gift for an occasion such as this will surprise the bride or mother to be and will be the gift that they brag about to all their friends and family.

Supporting handmade and local is your way of contributing to your community and at the same time you are able to obtain wonderfully exceptional gifts that are not run of the mill. Making handmade goods should not be a lost art, we support handmade and local and hope that you do too. When in doubt- we have gift certificates!! Give the gift that lives on and supports your community.

Or close to the heart charm

The HodgePodgery is proud to announce that we have come up with a really unique and great gift idea. It is called the "Close To Your Heart Charm".

Here is how you do it:

1. Pick out a picture that can be cropped down to a little less than one inch squared.
2. Bring your photo down to The HoPo
3. Pick out the design you want on the other side of your charm. The HoPo has many colors and patterns for you to choose from or you can bring your own.
4. Pay half now and half when you pick up.
5. Your charm will be ready in less than a week for pickup.
6. Give your unique gift to a friend, family member or loved one.

Consignor Corner

Holiday Goods:

The Holidays are fast upon us, the Great Pumpkin barely made it out of the pumpkin patch 'til Santa, hot on his heels, tripped into the malls! The poor turkey is all a flutter knowing his time is almost up...but do YOU have your wares ready for the gift giving season? We are now accepting holiday wares for Thanksgiving, Christmas and so forth. When sending "holiday specific" items, keep in mind that when the holiday is over, the goods gotta go! No one wants to see you wearing your jingle bell pins into February. Enjoy yourselves, but please don't overload us with themed goods. Mix it up! We ask that you make arrangements to retrieve your "holiday" leftovers within two weeks of the holiday ending.

\$5 Table

We want to have a great fun array of \$5 treasures for gift toppers, add-ons, office gifts, stocking stuffers, teacher appreciation and so forth. How happy would you be if someone's little one could pick out a hand made gift made by you instead of the #1Mom mug at school? Think Ho Ho HoPo not Ho Ho Hum! These do NOT need to be Holiday Themed.as we can keep this section year 'round.

Featured Consignors

Brooke Harlan

My name is Brooke and I live in the Reading area with my super awesome husband, son, and two crazy pups. I taught myself to sew sometime ago and then decided to go to school for textile design. After three years in the fashion industry, I am now a SAHM to one Mr. Cash Hendrix, who is the inspiration for my brookieBABY diaper line. At The Hodgepodgery you can find my all-in-one diapers and diaper doublers, all made from recycled tshirts, baby blankets and towels.

Jane and Larry Shull

We have combined our interests and skills into Shull's Metal Fab. Larry creates the Metal sculpture and Jane enjoys the Fab (fiber). We work side by side to create our fun series of Magic Wands, which includes bubble wands, pendants, key fobs, and ornaments.

Larry utilizes various welding techniques including gas, Tig, and Mig welding. Creating metal sculptures allows Larry to incorporate a variety of metal medias. Jane relaxes by experimenting with the colors and textures of the yarns and fabrics to create fiber garments and purses by knitting, crocheting, and felting.

Would you like to be a featured consignor? Email us your pic and bio. Keep the bio down to 5-6 sentences!
